Product data sheet

Power tools for trade & industry

Mitre Saw

GCM 10 MX

Engineered for precise Aluminium Cutting

The most important data

Saw blade diameter	254 mm
Mitre setting	47 ° L / 52 ° R
Bevel setting	45 ° L

Order number 0 601 B29 021

Technical data

Additional data

Rated input power	1,700 W
Saw blade diameter	254 mm
Mitre setting	47 ° L / 52 ° R
Bevel setting	45 ° L
Saw blade bore diameter	30 mm
Cutting capacity, 0°	89 x 89 mm
Cutting capacity, 45° mitre	62 x 130 mm
Cutting capacity, 45° bevel	86 x 67 mm
Tool dimensions (width x length x height)	535 x475 x330 mm
No-load speed	4,800 rpm
Weight	16.08 kg

Advantages:

- High cutting efficiency and cutting precision
- High performance of frequent aluminium cutting
